EXPERIENCE

APPLICATIONS DEVELOPER

DOM360, Greenville, SC • April 2014 - Present

Collaborated with a small team of developers building the company's web application that deals with large amounts of social, analytical and advertising data being pulled from APIs. Responsible for all front-end development and worked with other developers building new modules for the app. Highlights include converting the entire application over to bootstrap to create mobile friendly views for end users. An interactive presentation/slide creator that exports to pdf and web player. An annotation tool that allows users to comment on screenshots of client and their competitors websites, and a budget manager that tracks a client's google AdWords, Bing and Facebook spend data.

FRONT END WEB DESIGNER

Merge, Greenville, SC • Contract Position • March 2014

Assisted the team with design and coding responsive email marketing and websites.

GRAPHIC DESIGNER

Roohan Realty, Saratoga Springs, NY • September 2008 - February 2013

Designed and maintained all of the company's photography, print and web design under supervision of the marketing director. Print design included magazine ads, promotional materials and also provided assets for new homebuilders (lot maps, information packets, floor plans). Also maintained the website's database. With past experience in sign printing, I was also able to bring much of the company's print production in-house. This resulted in better control of the budget and final product.

ILLUSTRATOR

Future Media Interactive, Saratoga Springs NY • Contract Position • July 2012 - October 2012

Freelance project. Under the supervision of Future Media's art director, created illustration assets for an interactive coloring book that focuses on developing kid's healthy eating habits for the NYS Department of Education's "Think Breakfast!" program.

WEB DESIGNER

MWH Design, Saratoga Springs, NY • February 2009 - May 2009

Worked through all aspects of design projects underneath supervision of the owner. Activities involved consultation with clients, preliminary sketches, design comps, and front-end coding.

ASSISTANT DIRECTOR OF PROJECTS

United Web Works, Savannah, GA • April 2008 - June 2008
